For the attention of Mr Ferguson.

Dear Sirs:

I understand that your film "BRITISH JUSTICE" made by Verity Films is an authentic record of what happens in a Criminal Court. Mr Alfred Hitchcock is making a film in Hollywood this August and is anxious to get all the details of criminal procedure correct in his story "The Paradine Case". He would greatly appreciate it if he could acquire a copy of your film for this purpose, and I should be glad if you could let me know when there is one available, and I could arrange to have it shipped out.

Yours truly,  
*Victor Wark*
